

Autumn's Leaflet

December
2010 • No. 146

Lynne and I kicked off the season by seeing the "White Christmas" musical at the Fox Theatre in Atlanta. Autumn continues teaching music and took a student group to State Honor Chorus a week ago. By the time you get this we'll be eating our Thanksgiving Day turkey and decorating for the Christmas holidays!

My last workshops of the year are over, so I am home until years end, doing local school shows and filling your mail orders. What may I send you to make you and your audiences happy? Take a look at all these wonderful magic items—

Glow Loops *

Gone, sold out, no more for the past five years! Frank Herman's great little trick made from a toy! Now I've found another small supply, and if you order fast you'll get a set!

Show the little soda bottle and blow through the straw. The colorful string goes round & round. Then you slide a plastic bracelet against the string and it PENETRATES right through the moving string! Repeat this several times, then you make an 18-inch magic wand appear. The solid wand then penetrates the moving string also. Finally, you put two soda bottles in your mouth, blow on the straws, make the strings go around—and two bracelets penetrate the strings!

Watch my new YouTube video and you'll see: It amazes adults, and kids love it! My new set comes with three bottles (keep one as a back-up), three bracelets, and a pop-open wand. **Glow Loops Set — just \$10.00**

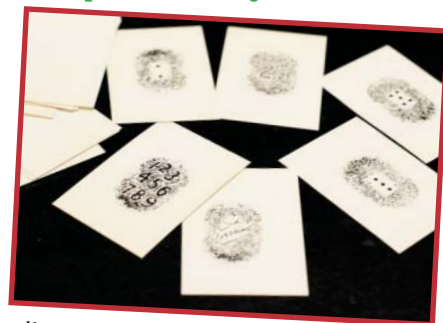

Thumb Fun *

Sid Lorraine invented it, Doug Henning taught it to me, and I've been performing it for 40 years! Now a surprise — I've just discovered 100 sets here at Ginnville, when I thought we'd sold out years ago!

Have a spectator select a card & remember it. Show these little blank cards, specially treated with "a magnetic chemical that reads brain waves." Put your thumb against the spectator's thumb, then press your thumb against a blank card. When you lift your thumb, a little card appears **inside your thumbprint** — *exactly the spectator's selected card!*

Absolutely amazing! Believe me, people love this trick! I consider it the best close-up card trick ever. See me perform the main version on my YouTube #100 video, but you'll get a half dozen different endings and presentations in the kit which includes Sid Lorraine's original instructions and 40 cards he made. No refills needed unless you choose to give away the little cards. I used my original set for 10 years!

Sid Lorraine's Thumb Fun — only \$10.00

The Magical Dog Arm Puppet * See New Big Dawg Tutorial!

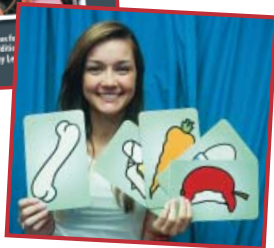

Magical fun for children & family audiences — a life-size dog puppet who does magic and comedy! Since I brought my sheep dog home from England five years ago, I have used "Sherlock Bones" in hundreds of children's shows to excellent results. *Kids love this dog!* He becomes REAL to them! When he magically finds his favorite food card while blindfolded, he even fools adults!

My 52-minute DVD teaches the entire routine, plus shares Jeremy LePoidevin's British routine & tips as well. Additional material includes David Ginn comedy ideas like Hank in Pocket, Change Bag ideas, mouth tricks and a trip to Dog Obedience School. Get your own dog arm puppet and open a whole new chapter in your performing life!

Complete Dog Package with puppet, cards, blindfold & DVD: \$89

Special until December 31: \$79 + shipping

See page 7 for full details

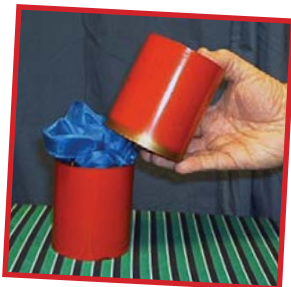

Three Frog Monte *

Show 3 plastic frogs and squeeze two of them that don't squeak. When you squeeze the 3rd frog, he lets out a loud squeaky noise. Play 3-frog monte, mixing them up, letting the audience guess which one is Squeaky Frog.

Each time they miss. Put one aside, play with two. They miss again! Finally play another tricky game of which is which, and just when the kids think they know, Squeaky Frog fools them again. Watch the new video. You'll see lots of possibilities. Easy to do. And lots of froggy fun! **\$18.00 complete**

Switch Can *

This is the best and simplest mechanical item to appear since the Dove Pan! Show the red can empty, fill it with a string of silks, then cover it with the top. When you remove the top, the silks have changed into a blendo silk, a rubber chicken, or anything else that will fit inside the load chamber. It works much like a dove pan, just a different shape. With a little pushing, it will even hold a 50-foot silk streamer! **\$25.00**

40" Thumbtip Streamers *

I can fit two in a large thumbtip, great for vanishing candle or wand, or inside the popaway style wand. **\$5 each or 3 for \$10**

Magic Belt Hook *

Balance an old leather belt on your finger using this neat plastic gimmick. Teach Newton's #2 law of gravity, or pass it off as magic. See YouTube video #64. Kids love it, that's why I have a kid do it in my show! **10 for \$5, 20 for \$9, or a bag of 72 for just \$29.00!**

Stretching a Rainbow *

Wave a 4-ft silk streamer around freely, then begin to pull it back and forth between your hands. Suddenly the streamer becomes LONGER...6 feet, 8 feet, now 10 feet long, and the stretching continues until the streamer is fully 20 feet long. I supply a 2" x 4-ft streamer, a 2" x 16-ft streamer, plus detailed instructions. Also see my Tell-Tale Tutorial. **\$20.00**

You're the Star *

Using an adult and a child to help, have a spelling bee with 8 x 10 pictures of animals. When they spell that animal, it appears atop the pile. Proceed to spell CAT, DOG, then MOUSE, then have the adult spell CROW, but a CLOWN picture comes up. The child spells CROW with no trouble. When the adult tries HORSE, again a CLOWN comes up. Finally, try to spell STAR—the two helpers end with pictures of a STAR and you end up the CLOWN! Easy to do, now a DG video on YouTube! Excellent instructions by David Goodsell, a dozen laminated cards, lots of spelling fun. **Just \$25.00**

Breakaway Fan *

This is the good one that works, just like the old bamboo type, except made in plastic. When a kid takes it, the fan falls apart, but you magically repair it. Repeat several times until the child finally makes it work and you DON'T for a laugh! **\$10.00**

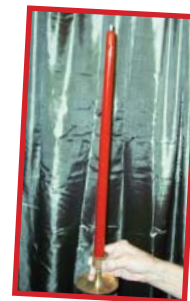

Jumbo McCombial Deck *

A boy and a girl assist you. The boy turns his back to you while you show the girl and audience YOUR chosen red-back card, which the girl holds against her shirt. Now the boy freely selects a card from a blue pack, which no one sees except him. When the boy announces his card, it's completely different from the one you picked—until the girl turns YOUR card around and finds it has MAGICALLY changed to the boy's EXACT SAME CARD! Complete with Jumbo Cards and instructions for both David Ginn's and Billy McComb's routines. **\$25.00**

Fantasio RED Vanishing Candle *

Perfect for Christmas shows! Light the 15" red candle. Then vanish it under a silk or change it to a silk or streamer. Easy to do after a little practice. Great prop!

Only \$25.00

Flower Wallet *

Show this black cardboard wallet empty. When you re-open it, colorful spring flowers appear two at a time. Repeat four more times to make 10 flowers in all. Wallet, 10 mylar flowers, instructions. **\$10.00**

*** = See David perform it live! Go to www.GinnMagic.com and click on menu item "David on YouTube."**

No Mess Cake Bake *

Tested in over 500 live shows & lectures by me! Here's the cake baking routine I developed in the 1990s that makes no mess because you never use any real eggs or milk! Watch me do it! You'll see. My No Mess Cake Bake booklet explains it. All you really need is a 6-inch dove pan and a

Rainbow Birthday Cake, a colorful 15-inch tall sponge cake that hides in the pan and pops up at the right time. You can add other props to suit yourself.

We can supply the basics for you now: Morrissey Double Load 6" Dove Pan, Rainbow Birthday Cake & Cake Bake booklet...\$90 bought separately — **all for \$68.00!**

Moonrock to Cheese *

A large sponge rock turns inside out into a 6-inch wedge of CHEESE! Invented by Sid Lorraine years ago, now made by Peachey Keene. I use this in my cake bake routine.

Only \$15.00

Multiplying Bananas, Carrots & Pickles *

Dan Garrett still hand carves his wonderful sponge bananas, carrots & pickles, and I still use them myself. These items seem to multiply right in your bare hands, then totally vanish in a bag or hat held by a child. You can even

make them change into other objects! Instructions include lines & jokes, plus see my YouTube video routine.

In sets of two: Bananas **\$12** • Carrots **\$12** • Pickles **\$12**

Big Banana or Carrot *

Huge sponge items by Peachey Keene, great for ending of banana or carrot trick. **\$20 each.**

Wisdom Tooth

Also made by Dan Garrett. Pretend to pull it out of your mouth—the nerve of that tooth! The tooth, whole tooth & nothing but the tooth! Other jokes included. **Just \$12**

Spider Surprise Box *

Show this red plastic box. Push a silk or streamer into your fist. Toss it towards the box...it's gone! Have the person slide open the top of the box to find the silk and—WHAM! A big black SPIDER pops out right onto her hand! Yes, you can have

the silk inside, but the joke is the spider! The spider always lands right on top of the person's hand! It's so startling that I now make it a point to put MY HAND under the box and grip it because of the chance of dropping the box.

Spider Box \$15.00

Ultra Tube & 50-ft Streamer *

Open this 9 x 18-inch colorful heavy paper tube and show it empty. Immediately roll it up, give it a tap on your palm, and out comes a beautiful silk streamer — 50 feet long! Hats, Rabbits & Swords

What started out as a lecture became a complete library show performance, followed by an explanation of how's and why's. Then came the show after the show, with an illusion seldom seen at any magic convention and a hat production to top them all. It was a one time only David Ginn night to remember, filled with Hats, Rabbits, and Swords! Assisted by Brenda and Marty Hahne of Dazzling Magic, David starts the evening by discussing two magic principles, featuring the Red Big Hand and Middle Diddle Silk. Next comes a 45-minute performance of David's MAD Reading Show, which includes Bookworm Warm-up, Cheat Blendo, Cane-Can, Rocco Delites, Steve Taylor's Airhead Rudy, Quack-Quack the Mindreading Duck, Monster Hat Origami, Big Book Bag, the Book Cover Revealed, and the No Snake Box running gag. David's Big Black Magic Hat routine, from the *Crash Course on Kidshows* book but never seen on video, is the highlight of the performance, along with the new Bunny Hat addition, which makes a cute girl audience volunteer into the hero. After the show David spends 20 minutes explaining the tricks and his thinking. Then comes the bonus—a live performance of Sherm's NOMA, the Woman of 1000 Lives, which David calls simply "the Sword Box," and following that, the Out of a Magic Hat Encore, a huge production with a big surprise ending. 100 minutes. **\$20.00**

Giant New Picture Silks

Goshman & Laflin have now made these two popular picture silks in the NEW 45" SIZE! Yes, both the clown and butterfly! They're bigger than a 36" silk by nearly a foot — but unlike the six foot silks, they can be easily held for display by ONE PERSON!

Pure China silk, these well-made squares easily fold and hide for productions, blendoes, or backdrops. You'll love using them, and your audiences will love SEEING them!

45" Clown or Butterfly — only \$29 each!

Mother of All Diamonds *

Last year I put Barry Mitchell's **Mother of Diamonds** into my Book Your Imagination school show. So far I have presented this routine about PATIENCE over 150 times. Result? Kids really LIKE it, and *teachers/parents LOVE it!*

Tell the story of a teacher long ago who showed her students a wooden box. She said she'd let them see what was inside on the last day of school. But the children had to be PATIENT and WAIT until the end of school for their REWARD.

One little boy, however, couldn't wait. He accidentally (on purpose) knocked the box off the teacher's desk and exposed black lumps of COAL, the origin of a diamond. The teacher explained how every student started off as a "lump of coal," but as you learn and grow, with time you can become a diamond. *So saying, YOU magically transform the lumps of coal into beautiful diamonds (using this reverse dove pan vase).* And she gave every child a diamond to keep, to remember the lesson about patience. Except for the one little boy, who spoiled the surprise. Instead, she gave him a lump of coal to remember the lesson.

Saying that, I personally add, "And that little boy has kept that lump of coal on a keychain in his pocket for the last 50 years to remind him to be patience. His name was, and still is, David Ginn. And that's my story."

Mother of All Diamonds comes complete with blue change vase, red tube, lumps of plastic coal, plastic diamonds, a DVD with Barry teaching you, extra colorful rocks, AND the lump of coal on a keychain for the personal routine that I use (thanks to Tom McDonnell).

A very strong five minute MAGICAL storytelling routine for just — **\$45.00**

Headless Cartoon Silks * Price Reduced!

Years ago Karrell Fox invented what he called Korn Silks. Holding these picture silks in front of you or a spectator puts the human head atop a funny cartoon body. These are the updated Korn silks by Laflin & Goshman — clown, ballerina, strong man, and monkey. Produce them out of a change bag or dove pan. Have four audience helpers on stage so each person can hold a silk. Always give a boy the ballerina silk for a laugh. The four 36-inch Headless

Cartoon Silks include two pages of instruction and routine by Duane Laflin.

Originally, the set sold at \$125 or \$99 on special. We can now supply the set of four with instructions at a new low price. Headless Cartoon Silks — **only \$75.00!**

Color Changing Wreaths *

Three white 12-inch feather rings magically change to red, yellow & blue inside a jacket, then all combine into one large wreath. Beautiful, visual magic! Includes 3 single 12" white wreaths, 3 single 12" colored

4 little silks, and the 36" Santa pure China silk. **\$29**
